Objective

Enthusiastic web developer with a passion for coding and a skill set that includes HTML, CSS, JavaScript, React and Python. Looking for an opportunity in web development, frontend development, or full stack development to build and optimize user-centric applications.

Experience

• 64-Squares LLC

Jr. Data Engineer Intern

July 2024 - Present

• Data Integration :

- Assisted in the design and implementation of ETL processes, ensuring seamless data flow from various sources into the company's data warehouse.

• Snowflake Data warehousing :

- Collaborated with a team to developed and optimized complex SQL queries and stored procedures, resulting in a 30% improvement in query performance and faster data retrieval times.
- Created and maintained databases in Snowflake to support business intelligence and analytics, ensuring data integrity and consistency.

• AI Prompt Engineer and Data Annotation Specialist:

- **Label Studio Integration:** Utilized Label Studio for data annotation and labeling, creating high-quality training datasets for machine learning models.
- **Collaboration:** Partnered with cross-functional teams, including developers, data scientists, and UX designers, to integrate prompt engineering solutions and data annotation tools into various projects.

• INFOWIZ Software Solution

React Trainee

• Website Development:

- Gained hands-on experience in building web applications using React.js ,Css Tailwind , firebase and Node.js.
- This directly results in reduced cost and earlier report availability for the business team.

• Frontend Development:

- Created responsive and dynamic user interfaces using React, integrating components and state management with Redux to provide a seamless user experience.

Projects

AMAZON LITE | CLONE OF AMAZONE WEB APP | APRIL 2024

- Developed an e-commerce web application that replicates core features of Amazon , including user authentication, product listing, shopping cart & order management
- Technology Used :- React.js , Node.js , Firebase (for authentication).

DERMA HOME | INFORMATIVE WEBSITE | NOV - 2023

- Developed a responsive website name derma home , which gives the full information about the hair and facial care at home
- Technology Used :- HTML , CSS , JAVASCRIPT , PHP , XAMMP SERVER , MYSQL

Alarm clock web application | BASIC PROJECT

- Developed a dynamic alarm clock web application. The application features a real-time clock display with hour, minute, and second hands, as well as the functionality to set and trigger alarms at specified times. Technology Used:- HTML , CSS, JAVASCRIPT.

PASSWORD GENERATOR |BASIC PROJECT

- Developed a password generator featuring customizable length and character options for secure passwords. Enhanced user experience with a responsive design and intuitive interface.
- Used:- HTML, TAILWIND CSS, JAVASCRIPT, REACT.

CURRENCY CONVERTER |BASIC PROJECT

- Created a currency converter using React and JavaScript, enabling real-time currency exchange rate calculations. Designed with a responsive layout and user-friendly interface for seamless use.
- Used:- HTML, TAILWIND CSS, JAVASCRIPT, REACT.

Education

- MCA | GOVT. COLLEGE UNA SCORED
- BSC | GOVT. COLLEGE UNA SCORED
- 12TH | Pt.M.L.DUTT G.S.S.S. KHAD

Certification

- Certification in 1 week workshop on IOT 1 week , 2023.
- ISO certification from INFOWIZ Software Solution
- Personality Development Course certification from INFOWIZ Software Solution
- Management Cum Tech Fest :- Got 4TH position in inter college Coding & Debugging competition.
- Science Quiz:- Got 2nd position in interschool science quiz on the occasion of National Science Day.

Skills & Abilities

- | | |
|----------------|-----------------|
| • HTML , CSS | • Python Basics |
| • Javascript | • MySql Basics |
| • React.js | • Bootstrap |
| • Tailwind CSS | • Php Basics |
| | • Git & Github. |
-
- **Soft skills** - Quick Learner , Time Management , Problem Solving , Communication , Creativity , Team Work
